NATIONAL HANDGUN CHAMPIONSHIPS

Proudly presented by

CZ AND PBA IMPORTS

CZ SHADOW 2

THE KEY TO COMPETITION SUCCESS

www.pbaimports.com.au

Gareth Graham
Regional Director

2017 IPSC Australia National Championships

I would like to take this opportunity to welcome everyone to the premier match on the Australian Shooting Calendar 2017 which finds us heading west to Whiteman Park and Pine Valley Pistol Club.

IPSC continues to grow in Australia and this year is likely to see that trend continue; increases in our members attending overseas matches, new members joining our ranks of highly dedicated and skilled Range Officials. We wish all the best to those that are either shooting or working the Nationals for the first time.

We have seen a high demand for slots to take part in the upcoming Handgun World Shoot later this year in France. Australia received 51 slots in the initial slot allocations; however, we still have a good number on the wait list. Australia will be once again well represented by our officials and competitors; I hope you will join me in wishing our members the very best of luck in France for this August.

It is through the level of dedication shown by our members in the realm of competition, administration, skilled officials and voluntary work that I am confident that our Association is strong, healthy and will only continue to grow and improve. There is always going to be challenges ahead and change within the sport, however this will lead to an overall improvement in IPSC.

The future largely will again be up to us, all of us – the IPSC Australia members.

I would like to thank all those involved in putting together the 2017 IPSC National Handgun Championships and of course I would like you all to join me in showing our appreciation for those hard working individuals from Pine Valley Pistol Club and IPSC Western Australia that have given many hours of their time to provide us with an exciting and challenging match.

I hope you all have a great time on your journey west, get out and see a bit of the great sites around Perth. I wish you all a safe and enjoyable match.

DVC

GARETH GRAHAM

IPSC Australia Regional Director

Neil Wallhead

On Behalf of IPSC Western Australia and Pine Valley Pistol Club I would like to welcome everyone to our beautiful city of Perth, and the 2017 IPSC National Handgun Championships.

I would like to take the opportunity to thank some of the people and supporters who made this event possible.

Firstly, our Match Sponsors CZ, and PBA Imports, who have graciously donated several prizes for our lucky competitors. Please thank them and support them.

Our Stage sponsors, there are a few too many to list here, but please take the opportunity to have a look at their products and support them, without them our event wouldn't be the great match that we hope it is going to be.

And the Members and Volunteers who have worked so hard over the last few months & Years to put this match together. Their efforts are invaluable, and without them we wouldn't have a sport. Please if you see any of them around, shake their hand and thank them.

Lastly, and most importantly, to all the competitors who are here to participate in this national championship, THANK YOU for attending, without the competitors, there is no match.

Please enjoy your time in Perth, shoot well and have fun on the range, and please take the time to enjoy some of the sights of Perth that we are renowned for.

House keeping

- There are specific toilets marked for Ladies use, gents, please do not use them.
- If the Rubbish bins are getting full it may have been missed, please let one of our match staff know so we address the problem
- Please do not drop Rubbish in the parking area.
- If you are dropping competitors at the range, please do not exceed the posted speed limit of 30kph. Penalties do apply for speeding.
- Shuttle Buses to / from the competitor carpark will run from 7am to 9am in the morning, and from 4pm to 7pm in the afternoon.
- The bar will be open from around 4pm until 7pm Fri/Sat & 10pm Sun.

If you are attending the presentation dinner please dress accordingly, details are available on the match website or in the flyer in your match package.

Be Safe, and have a great time!

NEIL WALLHEAD

Peter Blackmore
Range Master

2017 IPSC Australia National Championships

On behalf of the IROA & NROI match officials, volunteers and, indeed, all the team working this match, I bid a warm welcome to everyone - particularly our interstate and international officials, competitors and their families visiting WA.

Traveling this far in this vast country of ours just serves to demonstrate the growing strength of our sport and the dedication of all who have made the effort.

It is indeed an honour to be invited to be Range Master at a second National Championships – especially one hosted out of one's own State - and myself and the team will try our very best to make the match run as smoothly as possible so you can concentrate on shooting and performing as you would want to.

The range staff are, as always, here to assist you to have a safe and enjoyable match whilst staying within the current rules. However, disrespect or aggressive behaviours towards range officials, support staff or fellow competitors will not be tolerated at any time.

There is a great mix of stages on this magnificent range complex which I think you will really enjoy, so I hope you have a great social Easter weekend and an even better shoot.

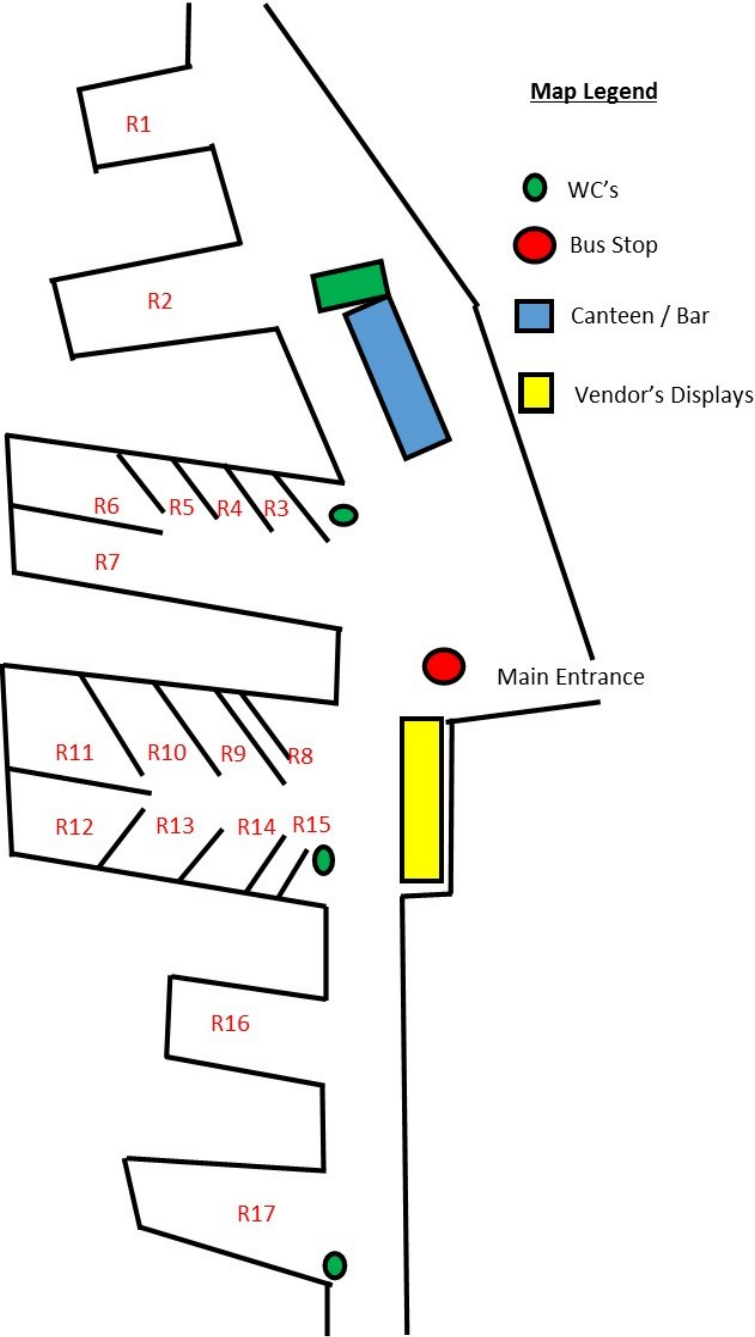

Enjoy your time in WA but best of all be safe and be happy ... and do not forget have fun.

Regards and DVC

PETER BLACKMORE

BLACK WIDOW Projectiles

widowprojectiles@y7mail.com
blackwidowprojectiles.com.au

0403 069 089

We're an established manufacturer of top quality, competition grade bullets for target shooting, specializing in Hard Cast and Swaged HBWC's in Melbourne, Victoria. We've been in operation for 5 years. We're a small family run business, who take great pride in our products.

We use only virgin lead alloy for our Hard Cast bullets, which are coated in Hi-Tek coating. This coating is guaranteed by the manufacturer at up to 2000 fps. With this coating you can put the bullets through the smash test, by placing the bullet onto a hard surface and smashing it with a hammer; you'll find that the coating doesn't peel, crack or flake off. Our Swaged HBWC's are swaged from virgin lead alloy wire; coated with a soft lube.

We're proud to say that we're sending our products to every State and Territory in Australia and continue to expand our customer base.
